# Spring Term in Year 5 (2019)

## Science

Properties and Changes of Materials: group materials by their properties, investigate how some materials dissolve in liquid, decide how mixtures might be separated by filtering, sieving and evaporating.

## Geography

Use maps and atlases to locate the world's countries. Developing understanding of continents and how countries differ from each other.

## Computing

Using purple mash to support our digital literacy.

## English

### Travel brochures, Poetry and Faraway Tales

Year 5 will be looking at a range of texts through the course of the term. We will look at styles, language and techniques used by authors so we can apply these skills to our own work.

## French

Understand and use the vocabulary of time and weather.

## Art

### Sunset and Sunrises

Children will use blending techniques to mix and blend colours for effect, layering and blending with paint and select techniques to create a final piece of work.
