Properties of Shape

RE

Sacred Texts Exploring the origins of sacred writings and consider their importance for believers today and the variety of forms of literature found in sacred books. Investigate a range of religious teachings.

Christmas

Investigate some of the key features of religious festivals and celebrations. Explore the meaning of stories drawn from religious sources and reflect on the significance of key words, phrases or expressions. Identify the ways in which religions name and describe attributes of God and make links with belief and practice.

Music

Trumpet Lessons will take place on a Friday

Autumn Term in Year 5 (2019)

Science

Living things and their habitats - Describe differences in life cycles of mammals, amphibian, insects and birds. Describes reproduction in some plants and animals.

Properties and changes of materials - Compare and group everyday materials. Know that some materials will dissolve and decide how mixtures might be separated. Demonstrate reversible changes of state and that some changes result in the formation of new materials.

History

The Viking and Anglo-Saxon struggle for the kingdom of England

Computing

Computer Programming:
Coding

English
